Meowbah you're a sick human being who cares for nobody but yourself, you manipulate these kids and make them do absurd shit for your entertainment.

Grooming is **when someone builds a relationship, trust and emotional connection with a child or young person so they can manipulate, exploit and abuse them**. Children and young people

is rewarding a child for cutting themselves grooming?

Yes, **rewarding a child for cutting themselves is a form of grooming**, especially if it involves manipulation, control, or encouragement of harmful behavior for the adult's benefit. Here's why:

MEOWBAH DOES IT BETTER

- Meowbahh has encouraged a lot of minors, variousing of different ages to incorporate harmful, damaging acts towards themselves (aka: self harm) She states it's 'funny' 'entertaining' If an adult **rewards a child for self-harming**, like giving them praise, gifts, or attention when they hurt themselves, **it's harmful and abusive.**

- Momo & Hova (shitty/inappropriate mod staff)

    - Inappropriate jokes (e.g. shotacon)

- Meowbah and their staff are involved in harmful behavior, including racism and supporting illegal and inappropriate content (company’s like nekopara etc). Supporting or engaging in inappropriate content, like the sexualization of minors (loli or CP), is not only morally wrong but also illegal. It exploits vulnerable people and can cause lasting harm to individuals, especially minors.

- Meowbahs extortion on minors and doxing is extremely manipulative, as she uses this to her advantage, as a example she forces bella to carry on with bellaism (a religion made based around her charatcer) or else she’ll strike her account. (which can ban it)

Is it okay for a victim to share their CSAM online to call out predators?

No, it is **not okay**—and in fact **illegal**—for anyone, even a victim, to share Child Sexual Abuse Material (CSAM) online **under any circumstance**, including trying to call out predators.

10. Accountability

- The majority of Meowbah’s video was false, taken out of context, and complete lies. But one truth she said was me befriending Evie and Floppa despite knowing their past. I take full accountability for my actions. Both of them were manipulating me as they knew I was a naive child and they wanted to take advantage to make themselves look better.

Conclusion: Meowbah is a pedophile, and a part 2 will be released if necessary.
